Women Hormone Therapy

Initial Consult

\$175

Initial cost includes: blood work, initial consultation. Your Initial consultation MUST be in person.

Follow up Appointments

\$75

Follow up appointments can be done in person or by phone.

Follow up Labs

\$50

Follow up labs will be every 3-6 months depending on your treatment plan.

Saliva Testing

\$150

Saliva testing is available for both HRT and cortisol. It is recommended for monitoring hormones if a topical medication is prescribed as it is more accurate.

Optimization of the treatment plan can take 4-6 months.
